

GENESIS CLABISELLAS

DATA ANALYST

clabisellasg@gmail.com | +63 943 500 9727 | Cebu, Philippines

SUMMARY

Data Analyst with internship experience in building dashboards and analyzing retail data using SQL and Metabase. Skilled in transforming raw datasets into actionable business insights for reporting and decision-making. Experienced with data visualization tools and AWS cloud fundamentals. Seeking a Data Analyst role.

EXPERIENCE

Data Analyst (Intern) – Veritacore Philippines Inc., Cebu, Philippines January 2026 – April 2026

- I Built interactive dashboards in Metabase to visualize monthly company data, improving visibility into key business metrics
- I Queried and analyzed data using MySQL to identify business trends, patterns, and performance insights
- I Collaborated with team members to translate raw data into actionable insights, highlighting performance trends and operational opportunities

PROJECTS

Retails Sales SQL Analysis – Personal Project

- I Designed and implemented a relational database schema for retail transaction data and structured it for analytical use
- I Performed data cleaning and validation to identify missing, inconsistent, and invalid values prior to analysis
- I Developed reusable SQL queries for revenue trends, product performance, and customer segmentation using time-based and conditional logic, and documented findings on GitHub for reproducibility

EDUCATION

Bachelor of Science in Information Technology
Cebu Institute of Technology – University

Expected May 2026
